

## Tech info

The Hiker range is based on the legendary H30 Toyota Hiace LWB. It is well equipped with a 2.8L turbo diesel engine, 6 speed auto, 450NM of torque, 6 SRS airbags, Apple car play, Sat nav, reversing camera & much more.

Our Jacana Euro pop top is made with a composite fibreglass construction with a foam insulated core, it is structurally reinforced with aluminium. All hinges are made from stainless steel. The pop top canvas is made locally specifically for our euro pop top using Australian made 10oz billabong canvas.

The side windows spoilers gain valuable space to sleep East/west with a bed size of 1950Lx1400W. The bed construction is a light and strong Aerospace alloy system with HD runners.

They measure 5915L x 1950w x 2400H and tare at 2940kg with a GVM of 3500kg.

All products used in our products have been carefully selected and backed by our dedicated suppliers.

All modification are engineered to ADR requirements.
