

Tech Specs

The Seeker range is based on the legendary VW Crafter MWB and LWB. They are well equipped with a 2.0L Bi-turbo diesel, 8 speed auto 130kw and 410Nm of torque, 6 SRS airbags, ANCAP safety rating, 10.4" screen with Apple car play & Android auto, satnav and reversing camera, electric hand break plus more.

Our Seeker range is well equipped from standard with solar panels, complete off grid power system, 150L fridge, interior galley cooking & full height shower/toilet.

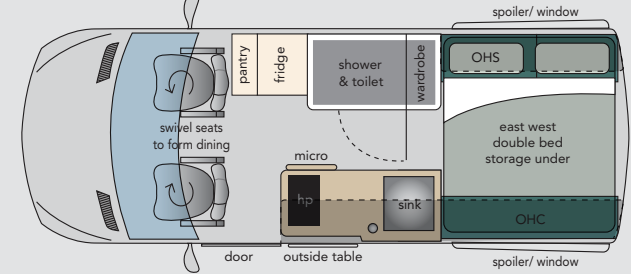

The side window spoilers are designed to maximise space, allowing for an east-west sleeping configuration. The bed, measuring 1980L x 1400W, is spacious and comfortable. Constructed from high-quality aluminium and heavy-duty runners, the bed is both lightweight and durable.

All modifications are engineered to ADR requirements.
